Felix - Coffee Table

Rectangle & Round Coffee Table in Glass and Solid American Oak

- Contemporary design
- Stunning geometric American Oak base
- Tempered Glass Top
- As with any glass table, extra hot and freezing cold items must not be placed directly onto the glass
- This table is a combination of tempered glass and solid wood. The glass is tempered, meaning it is strengthened (making it much stronger than regular glass) and will take a significantly greater impact for the glass to crack (compared to regular glass). Only under extreme impacts will the glass actually shatter
- Assembly required

IMAGE	DIMENSIONS	PRODUCT DESCRIPTION	CODE OAK
	W120 x D60 x H40cm	Felix Rectangle Coffee Table	OW1188
	D90 x H40cm	Felix Round Coffee Table	OW1214

All the wearing and structural components of this item are made from Solid Timber. This makes the product far stronger, heavier and of a much higher quality.
