

# Magnus Round Dining Table

**Materials:**

Solid American Oak

Solid American Oak

Solid American Walnut

**Care:**

Enhance the longevity and natural beauty of your timber by regularly dusting it and using cleaning products specifically designed for use on timber furniture. To keep your timber looking its best, protect it from direct heat sources and sudden temperature changes. Swiftly clean up any spills or condensation to prevent excessive moisture exposure. Over time, the colour of real wood naturally changes, and exposure to UV light may accelerate this process.

Wood is a natural material so each piece will be unique, telling a different story of the condition it grew in displayed by colour and grain variation.

**Lacquer:**

Satin finish water-based PU lacquer tested to 2H hardness

**Assembly:** Simple assembly required, only legs need to be attached.

Multiple people are required to flip the table due to the weight of solid hardwood.
